## Connecting People Through Food

with **evo**  
for the way you cook

*Developed by innovative food people with a passion for cooking and entertaining; the EVO is an energy efficient outdoor circular flattop cooking surface designed to create a social cooking experience.*

*Used by foodservice professionals and top chefs as a versatile cooking platform, to communicate a fresh-prepared, organic, farmer-to-table message. EVO cooking appliances complement indoor and outdoor kitchens and are used by thousands of foodie consumers as a fun, healthy, and social way to cook for family and friends.*

The Evo Affinity 30G Cooktop is designed for built-in installation to outdoor kitchen counters and is available in propane or natural gas. With a 30" diameter cooking surface, the Affinity 30G has manually controlled inner and outer burners with two variable heat zones ranging from 225°F to 700°F (107°C to 371°C). Designed to install seamlessly into an outdoor kitchen counter, the Affinity comes with a stainless steel hood that converts this flattop grill into an oven for baking, roasting, or smoking.

## FEATURES:

- 30" (762mm) circular oil seasoned steel cooking surface, or optional nickel clad steel cooking surface.
- Two temperature zones between inner and outer surface.
- Variable temperatures 225°F to 700°F (121°C to 371°C).
